

I would be lost without my K-LOVE station. It definitely serves me as a resident of my local community. The effects to my local community if FM translators were forced off the air and i wouldn't be able to listen to my K-LOVE would be great. K-LOVE is a calming factor in my busy, hectic life. I believe many people in my community come to find an incredible peace by listening to K-LOVE.
Please do not force FM translators off the air.

Signed,
Denise Donnahoo
